Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.
4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title "tab", on the tray insert, is for CD case with a transparent tray. Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree angle, away from the main tray cover portion. If the right-most "tab" is retained for a transparent tray, fold that "tab" 90 degrees again, away from the title "tab" next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.
10. Please appropriately discard this portion and the scrap bits of paper.

"Watchbird", "Warrior Race" and "Beside Still Waters"

"Watchbird", "Warrior Race" and "Beside Still Waters" Robert Sheckley

"Watchbird", "Warrior Race" and "Beside Still Waters"

Three Robert Sheckley short stories that demonstrate the breadth of his fantastic imagination.

In Watchbird, the question "can machines solve human problems?" is answered with a resounding YES! But there may be a few unforeseen glitches. Just a few.

Warrior Race drops us into an alien race of warriors who fight in a way you will never be able to imagine until you listen.

And Beside Still Waters is a gentle story that shows us a man who really wants to get away from it all ... sitting on a rock in the asteroid belt with only a robot for a friend. No girls allowed! A poignant and unsettling story to say the least.
